A research report is required for CHEM 384. A copy must be submitted to Cindy Ungerman in the Chemistry main office. The final report must be signed by the student’s supervisor at the external site.

**Is a final written report required?** Yes, regarding the teaching experience.

**Must a notebook be turned in?** Yes, with a record of the students’ grades and the format used for grading.

**Nature of the project/pertinent information:** To instruct undergraduate students in the experimental techniques, applications and safety factors of chemistry laboratory. Frequent, direct student contact is necessary. Attendance at weekly instructional meetings is required. Performance will be evaluated twice a semester. The evaluation will concern the enforcement of safety regulations, ability to convey concepts in a clear manner, fairness in evaluation of students, ability in handling of questions, and general attitude toward students.
