

Chemistry

Recommended Education Abroad Programs

This list represents a variety of education abroad opportunities that are best suited for Chemistry majors. Students are not limited to this list and can also apply for other programs.

APPLYING

All programs require students to start an online application at international.colostate.edu/educationabroad using the Program Search button.

CREDIT

All courses listed on the back are for direct CSU credit or transfer credit. Transfer credit pre-approval is required and part of the application process.

AUCC 3E GLOBAL & CULTURAL AWARENESS REQUIREMENT

Students are eligible for a waiver of this requirement if they receive a C- or better for at least 3 credits in any of the programs listed on the back.
