

Resources for Graduate Students

General Resources

[Student Affairs: Graduate Student Resources](#)

A collection of resources put together by the Office of Student Affairs for all graduate students.

[Graduate School: Resources for Current Students](#)

Graduate School's page with helpful links for current students.

[Graduate School Competency Road Map](#)

This road map is intended to help students prepare for their future careers.

Diversity

[Diversity, Equity & Inclusion College of Natural Sciences](#)

Resources related to the College of Natural Sciences efforts towards diversity and equity in culture, ideas and approaches, ethnicity, gender identity and expression, geographic background, national origin, and religious and spiritual beliefs.

[Student Diversity Programs and Services](#)

Support services specific to students with underrepresented identities.

[Office of the Vice President for Diversity](#)

Resources related to the university's efforts toward diversity, equity, and inclusion.

Health

[CSU Health Network](#)

The CSU Health Network has a variety of services available for students, as well as information on the Student Health Insurance Plan.

[Domestic Student Health Insurance Information](#)

Counseling Services

Counseling services are available to all fee-paying students.

You@CSU

An online tool intended to connect students with campus resources and other online educational tools that help them be more proactive with their health and well-being, so they can make the most of their college experience. Login with your eID.

Tell Someone

Through Tell Someone, you can report anything that threatens your safety or the safety of others in the university community. Tell Someone is available to seek help for or report a concern about any CSU community member, including employees who work off campus.

Case Management

Provides support and referral services for students experiencing difficult medical, mental health, personal/family crisis, illness, or injury situations.

Conflict Resolution and Student Conduct Services

Assistance is provided to students for any issue.

Learning Resources

Student Disability Center's Information Page

The Student Disability Center facilitates the educational pursuits of students who have disabilities and/or other chronic conditions.

Writing Center

Advice and resources at every stage of the writing process. Writing consultants will provide feedback on your drafts and help you with your writing and research strategies.
