

MATERIALS CHEMISTRY CONCENTRATION

CHEM-XCHZ-BS

Graduation Requirements: 120 total credits

Overall GPA 2.00 or better; AUCC GPA 2.00 or better; C or better in major courses; 42 upper-division credits (30 at CSU); last 15 credits must be taken at CSU.

Major Requirements/Other Requirements

six foundational courses (30 credits); in-depth chemistry courses (12 credits, 5 credits must have lab); advanced electives (17 credits); 400 lab hours (beyond CHEM121 or CHEM114); foundational science courses (e.g. math, physics, etc.); electives

All University Core-Curriculum Credit Requirement:

intermediate (AUCC1A, 3 credits) and advanced composition (AUCC2, 3 credits); mathematics (AUCC1B, 3 credits); diversity, equity, inclusion (AUCC1C, 3 credits); arts and humanities (AUCC3B, 6 credits); social and behavioral sciences (AUCC3C, 3 credits); historical perspectives (AUCC3D, 3 credits)

Student Success Markers (to be completed within the first 30 credits):

CHEM 192; CO 150; 3 credits of math; 3 credits of diversity, equity, and inclusion (AUCC1C)

****Advanced Electives**

CHEM 384-Supervised College Teaching

CHEM 487-Internship

CHEM 495-Independent Study

CHEM 498-Research

Any other course from the in-depth chemistry courses list.

Any course at the 300-, 400-, or 500-level.

(If the student is pursuing a pre-health profession, please refer to <https://hp.colostate.edu> for more information on prerequisites or declare concentration in Health Sciences. Courses may satisfy the advanced electives requirements.)

Revised: 8/31/2023 CJO

*****In-depth Chemistry Courses (12 credits minimum)**

At least 3 credits from lab* courses and at least 5 credits from AUCC4B.

Any of these courses may also be used to satisfy the advanced electives, except when required for a concentration.
